The Workplace Pride Business Conference will explore how work and the work floor is a vital component to LGBT inclusion around the world, and how businesses and companies can be turned into allies of LGBT advocates.

The focus will be on the South-East Asian region (ASEAN Countries) and Hong Kong. It will bring together employers and employees, government organizations, NGO’s and activists, representing businesses, public sector and civil society to address the challenges of being LGBT in the various workplaces in the region.
